Scripture Memorization

Every day we encounter situations in which we need God's Word to see us through. If it is stored in our hearts and minds, we will have a weapon to fight against Satan's attacks. Filling our minds with God's Word will influence the way we think, feel, and act throughout life. **In the space below, write out in the box the Scripture you are wanting to memorize, answer the questions, then pray for God to help you store His Word in your heart.**

* When do I want to memorize this by?

* What is God saying in this passage?

* Is there a command to obey in these verses? If so, what is it?

* How can I apply this Scripture to my life?
